

RESEARCH COMMITTEE

Chair (s): Jo Shaw (Australia) & Sylvie Lambert (Canada)

One sentence of committee/group mandate: Facilitate research activities by IPOS members, particularly those which have international significance, address cross cultural differences and/or address issues of importance to developing countries

Up to three key accomplishments since December 31, 2021:

1. Provided Peer Review x2 proposals
2. Supported the Survivorship SIG in development of their international survey of psychosocial care for cancer survivors: Exploring current practice, barriers, facilitators and examples of best practice
3. Engaged in initial discussions with the LMIC SIG related to capacity building platform for LMIC members

Two key initiatives underway for 2022:

1. continued support of the survivorship SIG
2. Formal review of implementation of peer review process
